

Aloe Exfoliant® Glycolic 20%

PROFESSIONAL EXFOLIATION

The Aloe Exfoliant® Gel 20% is for professional use only.

Congratulations,

You are using the purest, most potent, safest 20% Glycolic Gel available. Your experience and our products can make a tremendous difference in the lives and skins of your clients. Read instructions before use. Use it wisely.

HOW TO USE:

1. Cleanse:

- Cleanse face and neck.
- Apply on wet skin. Massage into lather.
- Rinse off thoroughly.

Use: *Aloe Facial Shampoo™* (Classic or Peach) or
Aloe Milk Cleanser™

step 1

2. Tone & Balance:

- Spray toner onto skin or cotton pad, gently smooth over face and neck
- Allow to be fully absorbed.

Use: *Aloe Mist™ Toner* or *Aloe Liquid™ Toner*.

step 2

3. Correct:

- Apply *Aloe Exfoliant® Gel 20% Glycolic* onto perfectly dry skin with the glycolic application brush.

- ✓ Begin on the forehead and rapidly apply a thin even layer over the entire face and neck (front and back).
- ✓ Leave on skin for 2 minutes only (use a digital timer for accuracy).
- ✓ After two minutes spray the *professional strength peel Neutralizer™* over top, leave on skin until bubbling action of neutralizer has stopped, remove all with the *Facial Shammy* and lukewarm water. Apply *Aloe Mist Toner™* liberally.

step 3

✓ Other Cabine Services:

- Now you can perform other professional service your client desires. (i.e. steaming, extractions, electrolysis, masque, etc.).
- ✓ DO NOT perform services which involve rubbing or could cause irritation (i.e. waxing, lash & brow tinting).

4. Hydrate:

step 4

- Apply hydrator liberally.

Use: *Aloe Hydrant Essence™* or *Aloe Pro Gel™* or *Aloe Vera Gel Hydrator™*.

5. Protect & Prevent:

step 5

- Apply moisturizer / sun protection as last step of regimen.

Use: *AloeCel C™* (topical vitamin therapy), *Aloe Night Creme™*, *All Purpose Creme™* or *Aloe Moisture Lotion™*, *SunDefense™ Moisturizer 15 / 30+*, *Total Sunblock / Shield 20+/30+* or *Serum #1™* as is appropriate for time of day and client skin needs.

Suggestions & Contra-indications:

- ✓ Before performing 1st - 20% Professional Treatment client must be on *Aloe Exfoliant® Glycolic HomeCare* for at least two (2) weeks.
- ✓ Advise client not to use *HomeCare Glycolic* 24 hours before and 24 hours after 20% Professional Treatment, client should perform rest of *HomeCare* regimen. (cleanse, etc.).
- ✓ Before using any glycolic, patch test behind the ear for any sign of irritation. Wait for 3 - 5 minutes.
- ✓ A maximum of one (1) applications in a seven (7) day period can be done on a well qualified client only, if so, watch client's hydration level and always apply soothing, hydrating mask afterward.
- ✓ Always perform glycolic exfoliation before other service(s).

Do not treat people who:

- ✓ have open lesions or irritated skin (i.e. herpes, cold sores, psoriasis).
- ✓ are pregnant or breast feeding (consult physician).
- ✓ are using Accutane or Retin-A, discontinue use of these products 6 weeks prior to starting any Glycolic treatment.
- ✓ Common sense caution applies. For external use only. Avoid contact with eyes and mucous membranes. If contact occurs, rinse thoroughly with water and/or contact physician. Keep out of reach of children and clients. For professional use only!
