

AloCEL C - topical vitamin C therapy creme

An intensive botanical skin rejuvenating vitamin C therapy creme. AloCel C brings to your skin the latest advances in the science of topical vitamin therapy in a bio-available form your skin can recognize and use efficiently. To deliver unparalleled results.

- helps your skin in its fight against aging - helping your skin to be the best it can be
- nourishes your skin to help its recovery from the day's and the environment's stresses
- with various potent forms of vitamin C to help stimulate your skin's own natural collagen and elastin production
- with Pycnogenal® to help protect and restore the skin from environmental pollutants - (Pycnogenal® is a super anti-oxidant, 100 times more powerful in its ability to fight and neutralize free radicals, than vitamins A, E or C alone)
- with active botanicals:
 - **Whole Leaf Cold Processed Aloe Vera** - to moisturize, hydrate and aid absorption
 - **Green Tea, Grape Seed and Echinacea** - to help stimulate your skin's natural regenerative processes
 - **Chamomile and Centella Asiatica** - to soothe and calm
- fortified with Vitamin E
- with Glycolic - to stimulate the skin and help active ingredient absorption to reach the target tissues
- oil free
- helps prevent oxidation of sebum (skin oils) - thus fewer pimples !
- non-greasy, easily absorbed, light feel creme
- leaves skin soft and silky smooth
- non-comedogenic, non-allergenic
- helps reduce trans-epidermal moisture loss

WHEN TO USE:

- for all skin types: at night as a restorative / rejuvenating night-time moisturizer
