

# HYDRATORS

step 4

pioneered by Nancy K. Brown, this revolutionary category of skin care products is specifically formulated to address the internal hydration / moisture needs of the skin - follow with your moisturizer to protect and lock in your skin's hydration.

Nancy K. Brown Aloe Vera gel hydrators are *oil free* and:

- help to replenish and maintain, or restore the skin's internal hydration reservoir
- help provide powerful Whole Leaf Cold Processed Aloe Vera & anti-oxidants
- help infuse skin with minerals, vitamins, amino acids, poly & muchopolyssacharides
- help soothe and calm skin, and reduce inflammation
- help with internal skin oxygenation
- help improve skin elasticity and resilience
- leave skin soft, supple and velvety smooth

Nancy K. Brown offers three levels of hydration. Choose the one which addresses your needs, condition and skin type:

*health food for your skin!*

## Aloe Gel Hydrator

formulated for skins which are irritated and sensitized.

Helps to:

- soothe • heal • calm
- hydrate • nourish

To assist & speed-up healing process & minimize scarring, use with minor cuts, scrapes, burns (sun, wind, etc.), after laser & micro-dermabrasion procedures.

Use after bump / fall to help improve blood circulation & minimize bruising

- skin types: all, especially irritated and sensitized

## Aloe Pro Gel Hydrator

to help environmentally stressed skins. Fortified with powerful anti-oxidants to combat skin pollutants such as free radicals.

Helps enrich your skin with:

- moisture • minerals
- vitamins • amino acids
- enzymes

- skin types: all, especially oily / acne prone / acneic

## Aloe Hydrant Essence

top of the line super hydrator

- formulated with **Hyaluronic Acid** to help skin whose internal moisture reservoirs are more severely dehydrated and compromised.

- Helps **bring into and bind moisture within your skin**, while it enriches the skin with minerals, vitamins, amino acids and enzymes.

- skin types: all, especially mature, fragile, dehydrated or dry
